Percent Penalty Will Be Assessed.

Austin, Tex., April 10 -- Secretary of state Weinert has announced that there now remains scarcely more than 20 days within which to make payment of franchise taxes.

There are now approximately \$300 corporations in this state which have not remitted franchise taxes to the department. A penalty of 25 for cent will be assessed against all corporations for non payment.

Several hundred corporations have had penalties imposed against them for failure to make reports within the time prescribed by law, and annually there are a great number of corporations which hier the penalty of 25 percent by oversight or failure to make remittance for franchise taxes within the proper time.

Hubbell Thinks Republicans Have Splendid Opportunity For Victory.

Bisbee, Ariz., April 10.—There is another Arizona senatorial aspirant looming over the political horizon—this time a Republican. He is J. L. Hubbell, of Ganado, Apache county. Hubbell is a former devoted adherent of former president Taft, and was chairman of the state Republican convention which nominated Taft delegates to the national convention in 1912. He is also chairman of the state Republican central committee and state senator from Apache county.

Hubbell has not announced his candidacy for the senatorship now held down by Marcus A. Smith. However, a political reporter in Washington, D. C. where Hubbell is now visiting, has it that Hubbell is being urged to make the race. He has not given answer to his friends, because Arizona was Democratic at last reports, and the chances for winning under such circumstances would not be alluring.

Thinks G. O. P. Has Apportunity.

Mr. Hubbell has his hopes for a Republican victory in Arixona, however. It depends on a getting together of the party, putting a solid front to the foe, is his belief.

A quotation attributed to him contains this statement:

"The entire west is aflame with resentment because of the efforts of the Democrats to turn the Panama caual over to Great Britain, and if the Republicans in the senate have political publicans in the senate have political wisdom, they will take advantage of the opportunity to gain credit for defeating the unpopular measure. They can go to the country on this issue and win the house of representatives and the presidency in 1916.

Roosevelt to be his guest soon after the campaign, and the colonel accepted. It was the occasion of Roosevelt's hunting trip in the Grand canyon country. The hospitality of the Hubbell rancho at Ganado is famous in Arizons, and its reputation was sustained on that occasion.

In Spellhinder With the Martens

In Spellhinder With the Mexicans. One strong asset which Hubbell will possess if he goes after the senatorship is his charming way with the Mexicans. He is the best camprigner in Spanish Arizona ever saw. Those who have heard him "spellbind" the Mexican voters have been filled with admiration, and it is almost a certainty that he can orate for Hubbell just as effectively as for anyone else. "I Wasn't Consulted." Says Libra.

"I Wasn't Consulted," Says Lines. As for Reese M. Ling, one of the several Democratic aspirants for the senatorial nomination, he expresses supreme confidence that he will not only be nominated, but elected, as well.

To an interviewer in Tucson who asked him how he expected to win without the support of many to whom, as Democratic national committeeman.

without the support of many to whom, as Democratic national committeeman, he refused endorsement for federal jobs, he said:

"I did not make a single endorsement as national committeeman for any appointment to federal office because I was not consulted. The appointments were left solely to the senators and representatives. They did not consult me, nor were the state or county central committees consulted. I naturally expect that those whom my opponents supported for federal office will support him."

## Coffee Drinkers, And think a minute!

Some persons seem able, for a time at least, to get along with coffee, but it contains a subtle, habit-forming drug, caffeine, which sooner or later is pretty sure to rob one of health and comfort.

If you know coffee don't harm you-if you feel prime and fit under its continued use, well and good-stick to it.

But—if you are sometimes a bit "off color," and irritable nerves, disturbed heart action, biliousness, headache, or symptoms of liver or kidney trouble make you wonder what's the matter-
